D. A. R.

The Eagle is requested to announce that the William Scott Chapter of the Daughters of the American Revolution will meet with Mrs. John Allen Saturday afternoon at 5:15 o'clock.

Mr. and Mrs. F. E. Hood have moved College street and are now domiciled at the Hudson house on East Fannin street.

OIL MILL STARTS MONDAY.

Mr. J. Webb Howell, manager of the oil mill, says, that he will start the mill up Monday morning. During the idle season every piece of machinery has been thoroughly overhauled and some new equipment of latest patterns have been installed. Mr. Howell believes that the cotton crop will be an average, but has deteriorated fully 20 per cent from what it promised at one time. The late cotton which looked so good will fall short fully 50 per cent, due to weather conditions and insects.

DUNLAP GIN STARTED.

On account of unavoidable delays in installing the big oil engine at the Dunlap gin, they started ginning yesterday. Mr. C. L. Eden, who is the acting manager, says besides overhauling all machinery he has changed the press from steam to compressed air pressure which is the latest improvement in the art of ginning.

TRIED TO HAVE FIGHT.

Considerable amusement was caused yesterday afternoon when two men came running into East Anderson street at the end of the H. & T. C. passenger platform just before the South bound train passed. From all appearances the men were trying to pull off a fight, one of them had his knife out but same was not open, the other fellow did not seem to be craving a fight but was merely trying to keep the other fellow from getting his knife in shape to operate with. When the train pulled in the crowd dispersed and the fun was all over without any damage.

WATER VALVE WAS CHOKED.

The force of workmen who have been busy the last few days under direction of City Engineer Adams trying to locate the cause of low water pressure on West Fannin street, located same last night when they took out an old rusty water valve at the corner of Main and Fannin streets. The old valve was choked up with rust and other substances which kept the water from passing through freely. The valve was replaced with a new one and the water turned back on and is now in first class condition.

QUALITY AND SERVICE

With the approach of the busy fall days we are laying plans to give you a service you have never had before. We are sparing neither time nor money to make our service all that could be wished for but your co-operation is very necessary. By placing your order for meats before nine o'clock enables us to give you better service and better quality. By placing your orders after 5 and before 8 o'clock your meat will reach you on our first delivery, which leaves at 8. To be able to get what you want when you want it should be a convenience to you. Just order before 9 o'clock and see how quickly we can reach you with the goods. If you want a porter-house, sirloin, club, tenderloin, flank, round steak, rib roast, rolled roast, veal roast, or sausage, you will find that we can meet your every requirement.

It is not our policy to boast or make extravagant statements—but it is our business to sell the very best meats to be had at honest weight and honest prices.

We have the best quality—assist us in giving the best service.
